

Chesapeake Labs, Inc.

Full Service Water and Wastewater Testing

1000 Butterworth Court, Stevensville, MD 21666 (410) 643-8745

113 High Street, Salisbury, MD 21801 (410) 546-1318

September 2012

Contract for Discharge Permit 10-MA:

10-MA Permit Requirements:

Total suspended solids (TSS) 4 times/year

Oil & Grease 4 times/year

Lead 2 times/year

Copper 2 times/year

Zinc 2 times/year

Sample Containers, Instructions, Chain of Custody, and Cooler for sample collection

We will supply sample containers with preservatives and chain of custody for collection in a cooler kit. The samples will need to be shipped or dropped off at one of our laboratories immediately after collection. Samples will be analyzed for requirements in permit 10-MA and results sent via email. We will fill out all necessary paperwork including quarterly discharge monitoring reports and mail to you for signature. You will then mail the reports to MDE.

Yearly Cost \$880.00 to be billed quarterly

5% discount will be given if paid for year

Respectfully Submitted,

Accepted By,

Daniel Shields
Laboratory Director
